

Lady Lumley's School  
**Newsletter**  
16th April 2021 Issue Number 527

Dear Parents and Carers,

My name is Clair Foden and I am delighted to be appointed as the new Headteacher for Lady Lumley's School and would like to take this opportunity to introduce myself to you.

Throughout my first week I have been thoroughly impressed with the enthusiastic, articulate students and dedicated staff. As our school becomes a member of Coast and Vale Learning Trust, we can look forward to an extended network of high-quality support to secure our success. I am honoured to have the opportunity to lead Lady Lumley's and ensure its regeneration, seizing every opportunity to build an even more ambitious and successful school.

I am excited to return to North Yorkshire having worked here as a Senior Leader for many years before joining a large Academy Trust in Leeds where I was Associate Principal. Throughout my career I have built rich and varied curriculums to ensure students leave their school having achieved the very best results they could in the subjects best suited to them. I believe that high quality teaching and learning must be at the heart of students' experience and so I will invest in our teachers to retain and keep the very best nationally. It is also vital that your child has high quality pastoral guidance so that they have the necessary support and challenge to make strong progress and to flourish as individuals. As I live locally, I appreciate how lucky we are to enjoy such beautiful countryside and such close-knit communities but also understand that some young people will feel frustrated at the 'restrictions' of rural living. Education has an important role in understanding and valuing the local community as well as broadening horizons and being excited by the learning and questioning of both the known and unknown. It is a real privilege to lead Lady Lumley's and I know, through experience, that building a successful, happy school, which is ambitious for its students and community, is dependent on partnership and collaboration. I am a passionate advocate of the difference an excellent education can make to young people and the community. Our school community will be built on respect and acceptance, there will be no place for bullying at Lady Lumley's and I ask for your support in this. You will have read in the recent OFSTED report the strides Lady Lumley's has already made in addressing student and parental concerns. Irrespective of background or challenges, I will work tirelessly to ensure all our students earn the best life chances they can.

I feel extremely fortunate to be joining Lady Lumley's at this time, as we have the opportunity, together, as part of a wider community, to regenerate, and to provide an educational experience that develops students who are proud of their achievements. Crucially, we have high expectations of our students with respect to attitude to learning, behaviour, attendance and uniform. I trust that I will have your full support on the rare occasions where we need to challenge those not quite meeting our expectations.

I am looking forward to working with students, staff and parents in the coming years and to meeting you all in due course, when Government guidance makes this possible.

Wishing you and your families well,

Clair Foden

### Staff paddlesports training

Some of the school staff took part in a paddlesports training course this week on the glorious River Derwent. The course gave the staff to learn the basics of paddlesport and the evening saw our staff take part in canoeing, kayaking and stand up paddleboarding on the school's equipment. This course was run in preparation for the forthcoming return of outdoor education club! The highlight of the week was seeing Mrs Thompson and Miss Wilson master standing up on the paddleboard – with only one of the them falling in!

### Year 10 DofE announcement

DofE training will start next week and will prepare students for all aspects of the award. During this training we will look at selecting activities, EDofE, map reading, first aid, emergency procedures and much more!

Here are the timings:

Students with FIRST NAMES A - J You will meet every Thursday tutor time during week 1 - first session 22/4 (meet in IT5/6)

Students with FIRST NAMES K - Z You will meet every Thursday tutor time during week 2 - first session 29/4 (meet in IT5/6)

Please register with your tutor first, then come to IT5/6.

Mr Mann

### DofE Silver

This week we were delighted to award our Year 13 students with their Silver Duke of Edinburgh's Awards. The students have been incredibly resilient over the past few years and have been very motivated since starting the DofE Award in Year 10. Although recent events have affected their plans, they are now looking forward to their Summer expeditions and receiving their DofE Gold Award from one of the Royal Palaces in the near future.

Students: **Abbie Henry, Emily Holbrook, Holly Philps, Alice Rose, Jacob Tweddell, Owen Ellis, Toby Dale, Will Lloyd, Amy Ring and Casey Austin.**

### **Sixth Form Update...**

As you will be aware, Year 12 and 13 students are busy completing a range of 'Key Assessed Tasks' in their subjects. These will contribute towards the evidence we require to award grades in their AS and A levels. I have been really impressed with the maturity demonstrated by our Sixth Form students during this challenging academic year and it is vital that they maintain a positive and proactive approach to studies. Students have clearly settled well this half term. Having spoken to a group of students on Wednesday afternoon, I was incredibly reassured when the students articulated how they felt about the key assessed tasks. Students discussed how the expectations of them had been well communicated by teaching staff, and that the tasks themselves were allowing students to manage their work in 'manageable chunks'. Students are feeling 'well supported' by our staff and I am encouraging them to speak to me at any time if they have concerns or need clarification on any part of the process. I would also encourage you to contact me with your questions.

Mr Ambrose

### **Student Leadership Team Update**

A group of our Student Leadership Team have been working really hard this week, creating an assembly all about our school core value of community. They have thought about what community means, the communities they are a part of and all of the things they missed about the Lady Lumley's community during the remote learning period. They have done a fantastic job and we are really looking forward to seeing their assembly next week!

Miss Pemberton and Mrs Barnard

### **Immunisations**

The Childhood Immunisation service delivers routine immunisations in educational settings and will also offer catch up immunisations. The Childhood immunisation team come into school to deliver immunisations to those for whom consent has been obtained. They deliver: flu nasal vaccines to all Year 7, HPV vaccinations to all Year 8, Men ACWY vaccinations for all children in Year 9, DTP vaccinations for all children in Year 9 and MMR vaccinations for any child aged 5-19. Please complete the online form to consent to your child receiving these:

[www.hdft.nhs.uk/immsconsent](http://www.hdft.nhs.uk/immsconsent)

The code for Lady Lumley's school is: **121671**

Please refer any queries to the childhood immunisation team on 01423 542360 or email [childhood.immunisations@hdft.nhs.uk](mailto:childhood.immunisations@hdft.nhs.uk).

### **Home testing**

Students should be tested on a Sunday afternoon and early on Wednesday evening.

Results should be logged on the NHS website and clear instructions as to how to do this come with the kits.

## Year 10 Maths Support

### Tuesdays and Thursdays 3:40pm-4:40pm

Week Beginning	Foundation Topics	Higher topics
19 <sup>th</sup> April	Area and Perimeter	Angle Facts
26 <sup>th</sup> April	Angle Sums	Pythagoras
3 <sup>rd</sup> May	Angles in Polygons	Real Life Graphs
10 <sup>th</sup> May	Averages from tables	Quadratic and cubic graphs
17 <sup>th</sup> May	FDP conversions and Equivalence	Perimeter, Circumference, Area
24 <sup>th</sup> May	Fraction Arithmetic	Volume
Half Term		
7 <sup>th</sup> June	Percentage problems	Maths
14 <sup>th</sup> June	Volume and Surface Area	General revision
21 <sup>st</sup> June	Straight line graphs	Accuracy and Bounds
28 <sup>th</sup> June	Distance time graphs Conversion Graphs	Transformations
5 <sup>th</sup> July	Solving Equations	Quadratic and Simultaneous Equations
12 <sup>th</sup> July	Index laws	Probability
