

A Brief Introduction to A level Chemistry at Lady Lumley's School

Welcome to the study of A level Chemistry at Lady Lumley's School. Congratulations - you have already made one of the best decisions of your life by choosing this subject. A level Chemistry is an interesting and challenging subject to study, and success in this course will help you in any career choices you make in the future.

The aim of this transition pack found on the website is to help you prepare for studying Chemistry at Lady Lumley's School. Please complete the transition task (there is an optional task for further study). By successfully completing the material on the website you will have demonstrated the skill and understanding required to start this course successfully.

The specification we follow is AQA A level Chemistry 7405.

For more information please access:

[AS and A-level Chemistry Specifications for first teaching in 2015 \(aqa.org.uk\)](https://www.aqa.org.uk/subjects/chemistry/as-and-a-level/specifications)

Practicals are an important part of the course. Your skills in carrying them out will be assessed during the course although these assessments will not count toward your final grade. There will be questions based on the practicals you did in the written examinations.

Looking forward to seeing you. Please bring your transition work with you in September. All the best, Miss Wilson
